VANDERBILT VALIANT

Accidentally Runs Over a Boy With His Automobile.

ITALIANS ARE IRATE

Actions So Threatening That American Drew His Revolver For Protection Until the Arrival of Gendarmes.

Florence, Italy, Feb. 24.—W. K. Vanderbilt was detained at Pontedera, on the road to Pisa, having had an automobile accident in a street by which a boy was injured. Mr. Vanderbilt and his chauffeur were mobbed. The former drew revolver and both Mr. Vanderbilt and the chauffeur were arrested and taken to the police station. Mrs. Vanderbilt was escorted to the best hotel in the place to await developments.

The Vanderbilt auto, it appears, was not going at an excessive speed, but when turning a sharp street corner in Pontedera it ran down a child, a boy about five years old, and injured him about the head. Though the boy was not seriously hurt, his face was covered with blood. The auto, which was stopped as soon as its occupants noticed the accident, was surrounded by a crowd of excited people, who indignantly and threateningly berated its occupants. In the midst of the excitement a report spread that the child was dead and the townspeople became so enraged that they attacked the chauffeur. In fact, matters reached a very critical stage, and Mr. Vanderbilt, believing that the lives of the party were in danger, drew a revolver. Before he could use the weapon, however, several men jumped into the automobile,

W. K. VANDERBILT.

disarmed Mr. Vanderbilt and kicked and cuffed him. By this time the police had become aware that something unusual was happening and a party of gendarmes were hurried to the scene to protect the automobilists.

Owing to the fury of the people the officers took Mr. Vanderbilt and party into a neighboring shop for safety. There they were immediately besieged by the crowd. The most violent of the people urged their companions to take summary vengeance on the travelers. Eventually an officer of the gendarmes was hurried to the scene and, after the townspeople had somewhat calmed down succeeded in rescuing the automobilists, who were taken to the police station, followed by a crowd of shouting people. The leaders protested vigorously against the alleged carelessness of automobilists, and said that it was time to put a stop to such accidents, involving loss of life, constantly increasing in number.

Doctors visited Adolfo Butini, the boy injured by Vanderbilt's automobile. Grave complications, it was announced, may arise.

INDICTMENTS RETURNED.

Judge Hargis Is Among Those Who Must Appear For Trial.

Jackson, Ky., Feb. 24.—A feud echo of sensational proportions was heard here recently when the Breathitt county grand jury rendered indictments against Judge James Hargis, Ed Callahan, B. F. French, John Smith and John Abner. They are charged with murder and accessory to same in the death of Attorney J. B. Barcum here two years ago. Senator Hargis is not indicted. Judge Hargis and Callahan are named as principals, and Smith and Abner as accessories before the fact. Barcum was killed in feudal troubles at the courthouse door, his death being a familiar incident to readers of papers.

QUICKLY CONVICTED.

In Four Minutes Coleman Was Given the Death Penalty.

Shreveport, Feb. 24.—The jury in the case of Charles Coleman returned a verdict at 1:30 o'clock Saturday afternoon, four minutes after receiving the case. He was given the death penalty.

Soon Effective.

New Orleans, Feb. 24.—The state board of health adopted quarantine regulations and decided that the restrictions against Cuba and the Central American ports should become effective on March 15.

ATTACK ON ORPHANS.

Negro Attempts a Diabolical Deed Near Shreveport.

CARRIES A GIRL OFF

Checked Little Child Until Insensibility Resulted, but Was Frightened Away Before Doing Worse Crime.

Shreveport, Feb. 24.—Two orphan girls named Gant, aged eleven and eight years respectively, grandchildren of a Mrs. McCoy, living two miles south of Bienville, were stopped about one mile of their home while returning from school Friday afternoon by a negro, who carried the older girl into the woods. The younger ran screaming to the house and gave the alarm. The negro became frightened and ran away before accomplishing his purpose. The child was choked until insensible. Posse started after the negro and said they would burn him if captured.

SOUTHERN BASEBALL LEAGUE.

All of the Clubs Will Open on Same Date, April 12.

New Orleans, Feb. 24.—At the meeting of the directors of the Southern League Baseball Association President Kavanaugh reported his attendance at the National Association of Minor League Baseball clubs and at the board meetings, and the admission of this league to the national agreement. He said under their rulings the Southern league was privileged to make its own salary limit.

A delegation of printers addressed the meeting, and the league decided to require that only tickets bearing the union label shall be used at the parks of the league.

A renewal of the exclusive contract to the Western Union Telegraph company to operate wires into the various parks was ordered, with the condition that no tickers are to be used, and no information furnished to matinees at home when the club is at home. When the club is abroad and a matinee is given in the home town no results on tickers are to be allowed.

President Kavanaugh stated all clubs would open the season on same date, April 12.

W. A. Phyle, who was expelled from the Southern league on complaint of the Memphis club in 1903 for making derogatory remarks about Charles Frank, then manager of Memphis, made application for reinstatement in a letter in which he apologized for the language attributed to him. He was reinstated.

COMMITTEE MET.

Demands Asked Are Reported to Have Received Endorsement.

New York, Feb. 24.—Full state committee of the United Mine Workers of America, including thirty-six members, among them President John Mitchell, met in this city Friday to consider the demands the anthracite miners are to make to the committee of operators, appointed at the recent conference in this city.

It was stated that the full committee endorsed the demands of the miners' committee of seven, and it was declared that the anthracite workers will stand by the demands and suggestions. It was decided to send a copy of the conclusions to Mr. Baer, the head of the operators.

LEGISLATURE TO LINOTYPE.

Frank G. Prouty Is Now Operating a Typesetting Machine.

Guthrie, Feb. 24.—Frank G. Prouty, member of the last legislature, and prominent for many years in Kansas and Oklahoma newspaper circles, is learning how to operate a linotype machine at State Capital plant here, and will abandon newspaper work entirely for the machine. Prouty has the distinction of establishing the first paper in Oklahoma after the territory was opened in 1889. He was the Oklahoma member of the executive committee of the National Press Association last year.

STABBED NEAR HEART.

Knife Driven Into Breast of Negro. Death Soon Following.

Houston, Feb. 24.—While Boze Jones, a negro, was sitting in a chair of the old broom factory he was stabbed with a knife in the left breast, the blade nearly penetrating his heart. Death soon resulted. Jones ran after being stabbed and soon fell dead. Gould Sullivan was arrested.

No Baseball Tax.

Jackson, Miss., Feb. 24.—The ways and means committee of the house in the Mississippi legislature yielded to the popular objection, and will relinquish the proposed \$10 privilege tax on all baseball games played in Mississippi. This action means all independent and association clubs represented in the Cotton States league will control their own gate receipts.

COMPARISON OF EARNINGS.

Figures For Six Months Given Out by Railroad Commission. Austin, Feb. 24.—The railroad commission has made public a comparison of earnings for the six months ending Dec. 31, 1905, with same period for 1904. It shows freight earnings increased \$1,222,609, or 1.10 per cent; gross earnings increased \$1,533,409, or 2.81 per cent; operating expenses increased \$1,673,107, or 3.31 per cent; income from operation decreased \$139,698, or 1.10 per cent. This shows that the operating expenses have increased, causing a decrease in income. This statement applies to thirty-two of the leading railroads of Texas.

The railroad commission issued the following rate ruling on hearing lately held: "In pursuance of notice and hearing it is ordered by the railroad commission that plants or places of business of all commercial industries located on line of railway of Gulf, Colorado and Santa Fe Railway company, or on spur tracks connecting with said line, and situated in that part of the city of Dallas formerly known as Oak Cliff, and also those of industries located on said line of railway intermediate between its Dallas station and said Oak Cliff, shall, with respects to rules or freight charges on shipments between said industries and points on all railway lines in Texas, be considered within the switching limits of the Dallas station of said Gulf, Colorado and Santa Fe railway. This order shall take effect March 16, 1906."

BURIAL PLACE REFUSED.

Undertaker and Clergymen on Scaffold Tried In Vain.

Chicago, Feb. 24.—The body of Johann Hoch lay Saturday in the county morgue at Dunning while the undertaker, who agreed to inter the corpse at his own expense, and the two clergymen, who were on the scaffold when Hoch was hanged, vainly tried to find a burial place. The authorities of Walheim cemetery refused to allow Hoch to be buried there, as did the officials of Forest Home cemetery and those of St. Lucas cemetery. Cemetery after cemetery officials were asked by telephone to permit the burial of Hoch, but all of them refused, saying the towers of cemetery lots objected to the interment of murderers.

TERRIFIC TORNADO.

Home Demolished and Mother and Son Badly Injured.

Hattiesburg, Miss., Feb. 24.—A tornado struck near here during a heavy rainstorm. The home of Mrs. M. E. Dearmon was lifted from its foundation and demolished. Mrs. Dearmon and her son James were taken from the wreck badly injured. Fences and houses were razed and immense trees pulled up by the roots and twisted into splinters for a considerable area. Telephone poles were torn down for some distance.

ONE DEAD, OTHER JAILED.

Tragic Occurrence Takes Place In a Boarding Car.

Tyler, Tex., Feb. 24.—Green Norwood is dead and Earl Sharp is in jail charged with his murder. Norwood was shot and killed in a Cotton Belt boarding car here Friday night, but when he was shot he jumped out of the car and his dead body was not found until Saturday morning. The two men had been quarreling for some time, it is said.

EGAN PRESENT.

Attending a Divorce Trial In Which His Daughter Is Plaintiff.

San Antonio, Feb. 24.—General Chas. P. Egan, who was prominent in the Spanish-American war in connection with the embalmed beef matter, is attending court here. His daughter, Mrs. Estelle Egan Cole, seeks a divorce from Frank Cole. The case is a sensational one.

FOSTER'S WEATHER BULLETIN.

(Copyrighted 1906, by W. T. Foster.)

NOTE.—My "Crop Weather" forecasts for 1906 are now complete, are of unusual interest, are the best I have ever made and a sample of them will be mailed to anyone on receipt of a two-cent stamp. Address W. T. FOSTER, Washington, D. C., Box XI.

Washington, D. C., Feb. 24.—Last bulletin gave forecasts of disturbance to cross continent 23 to 27, warm wave 22 to 26, cool wave 25 to March 1. Next disturbance will reach Pacific coast about 26, cross west of Rockies by close of 27, great central valleys 28 to March 2, eastern states 3. Warm wave will cross west of Rockies about 26, great central valleys 28, eastern states March 2. Cool wave will cross west of Rockies about March 1, great central valleys 3, eastern states 5.

Weather energies of March will develop in three disturbances that will cross meridian 90 not far from 1, 15 and 23, that of 1 being the disturbance described in first paragraph above. Its temperatures will average very low, the cool wave preceding the storm center causing cooler than usual, the warm wave not bringing very high temperatures and the cool wave resolving itself into a blizzard and several days of very cold weather that will carry frosts far southward. During first week of March precipitation will be general but not excessive.

March temperatures will average above normal east of Rockies, below west. Most of the storm centers will follow lines drawn near Winnipeg, Des Moines, St. Louis, Cincinnati and Washington, going into the Atlantic not far from the latter city. This path of the storm centers will cause March to be unusually cold in the New England states, unusually warm in the lower Missouri and lower Mississippi valleys and about normal along the path of the storms.

Temperatures most below normal will occur during first week in March, then two high temperature periods centering near 15 and 22, followed by a cold period of which 27 will be central day with a cool period not far from 18. Most precipitation will occur not far from 2, 17 and 25. These dates are for meridian 90—about general line of Mississippi river extended northward. East of that line count one day later for every 400 miles and west of it one day earlier for every 500 miles.

About and immediately following Feb. 24 one of the most severe disturbances of the month will be near meridian 90, moving eastward with a cold wave following.

No period of eight years can be found that has not brought disaster to the corn crop of the United States. These corn crop failures occur from five to eight years apart, and the last one came in 1901. These are important facts that are of interest to millions of people. We are surely approaching another great corn failure. The wheat crop does not often fail on account of the drought that destroys the corn. I believe it will be safest for all to follow my "crop weather" forecasts.

TO SPOT HOLDERS.

Jordan Urges That Cotton Be Not Rushed to Market.

Atlanta, Feb. 24.—In an address to spot holders President Harvie Jordan of the Southern Cotton Association has this to suggest:

"About the middle of last November the Southern Cotton association advised all spot holders to demand 15 cents per pound, basis middling, for the balance of the unsold portion of the present crop and pledges were asked for ninety days. The mammoth cotton convention held at New Orleans Jan. 11, 12 and 13, 1906, passed a resolution unanimously endorsing the holding movement for 15 cents and advocated the continued holding of the unsold portion of the crop for that price independent of the 90-day pledging. The executive committee of the association subsequently endorsed the action of the convention and all spot holders were earnestly asked to stand firm until a maximum price of 15 cents was offered. Remember one year ago cotton sold at 7 cents per pound in February and advanced to over 10 cents early in July in the face of a 14,000,000-bale crop. This year the crop is 3,500,000 bales less. Consumption is far greater this year than last, and the prices of all lines of cotton goods abnormally high. If the small balance of the cotton now held is sold for 15 cents the whole crop will not average over 11½ cents per pound. Receipts will soon drop off heavily and a stronger market will be had."

"Do not rush your cotton on the market, but hold it and win out in the great struggle that is on between the spot holders on the one side and speculators, spinners and buyers on the other."

WHY?

The reason One Minute Cough Cure relieves a cough is because it acts first on the mucous membrane right where the cough troubles—in the throat or deep-seated on the lungs, destroying the germs or cough germs and clearing the phlegm.

One Minute Cough Cure not only destroys the disease germs, and clears out their poison, but it gives strength and elasticity to the mucous membranes which protect the throat and lungs. Opens the air passages and promotes unobstructed breathing. Causes the blood to receive its natural supply of oxygen, thus exhilarating the pulmonary organs with such strength and vigor that the lungs and bronchial tubes become bulwarks against the inception of disease. Asthma, Bronchitis, La Grippe, Cold on the Lungs and all Pulmonary Complaints that are curable are quickly cured by the use of

George Washington's birthday anniversary has been observed in all the entertainments of the past week. Tiny hatchets and red, white and blue ribbons have been flying thick in the air, while the air, while the fruit of the tree immortalized by Washington has figured in all the menus. Thursday afternoon and evening the home of Dr. and Mrs. J. W. Howell was hospitably thrown open and the ladies of the Baptist aid society tendered a brilliant reception in honor of the day. The "Colonial Dames," who received the guests and dispensed "ye hospitality of ye good old days" were Mesdames McKenzie, M. W. Sims, Brandon, Haswell, Boatwright, R. S. Webb, R. Henderson, Lillebridge, Geo. B. Butler, J. Webb Howell, W. S. Howell.

The ladies were stately in their quaint costumes a la Maria Washington, and with dainty muslin caps topping their powdered hair. A number of ladies and gentlemen called in the afternoon and evening, at which latter time the following most pleasing program was rendered:

A dainty salad course with hot chocolate was served.

On Tuesday afternoon at the beautiful residence of Dr. and Mrs. W. H. Oliver, the Embroidery Club and a few friends were entertained at progressive forty-two. The interior of the Oliver home was appropriately decorated for the celebration of Washington's birthday, but two days instant, and the inclement weather of the preceding days made the afternoon sunshine seem more brilliant and inviting. Tiny flags were the chief decorations, with clusters of early spring violets in vases at each table to add their sweetness to the animated scene. Progressively forty-two and five-hundred were played. Each player cut for the prize, a gold batpin, presented to Mrs. M. W. Sims by Mrs. Nat G. Turney. The souvenir score cards were tiny shields of red, white and blue. A salad course with iced tea was served at small tables. Canied cherries were passed, palatable and significant in their historic association. Congenial conversation, warm hospitality, the music of an orchestra playing during the entertainment, made the afternoon a very delightful one to Mrs. Oliver's guests.

The first series of songs revealed an artist of attractive stage presence and delightful personality in Mrs. McCann, who sang with artistic finish and beautiful voice, notable for clearness and quality, an encore following. The next number was a well-played interpretation of Schumann's beautiful composition "Soaring." Then followed in German a fine performance of Liszt's "Lorelei," prefaced by remarks on the legend by Mrs. McCann.

The club then sang its first number, Miss Wilson at the piano, by Wagner, with a big volume and good quality of tone, and good attention to the phrasing, and secured a rousing encore which was acknowledged by Mrs. Law, president.

Next came a selection of dainty little pieces for piano by Grieg delightfully rendered by Miss Rhein, who also added an encore. Next followed a rendition of Strauss' "Voci di primavera," by Mrs. W. C. Davis

of Bryan, Mrs. Lillebridge at the piano. This extremely difficult coloratura aria was sung from memory and showed a smooth, agile voice, to which the song gave ample opportunity for display. Mrs. Davis has prefaced this song with Mrs. Lillebridge, who knowledge of the capabilities of the human voice is not surpassed by any singing teacher in the country, according to the estimates of competent critics. Mrs. Davis gave an encore "Maids of Cadiz" by Delibes. The seventh number was a song cycle beautifully given by Mrs. McCann, who was obliged to add two encores, so completely did she captivate the assembly.

The club then delighted the audience by two beautiful numbers well sung, and thus ended the first successful concert of the Ladies Choral Club.

The club looks forward to a great awaking of musical interest, and delightful anticipations for the future.

The anniversary of Washington's birthday was charmingly celebrated at the home of Mrs. A. M. Rhodes by the pupils of Mrs. Rhodes' and Miss Florence Herndon's Kindergarten class, and afforded much pleasure to the patrons of the school who were present, inspired the little ones with patriotism and gave substantial evidence to the careful and painstaking instructors of the progress of their most excellent work. Little card board hatchets, hand painted with water colors, were presented as souvenirs, and refreshments served at the conclusion of the program which was as follows:

AGREED TO.

Interstate Commerce Commission to

Make Immediate Inquiry.

Washington, Feb. 24.—Preceded by a debate which indicated no hesitancy, but rather a relish, in taking action against alleged railroad combinations, the house agreed without opposition to the Tillman-Gillespie resolution, directing the interstate commerce commission to make an immediate inquiry and report regarding alleged restraints of trade on the part of certain railroads in the handling of coal and oil.

CHARLES E. TOWNSEND.

The resolution was not in the form in which it passed the senate, and it will go back to that body for its second action. The debate occupied an hour, and consisted of a succession of speeches of denunciation of alleged practices and an endorsement of the proposed investigation.

Mr. Grosvenor of Ohio characterized it as a rebuke to the recent "purile" report which had been made by a certain railroad official. Mr. Townsend of Michigan, who presented the resolution from the committee, discussed the conditions which, in his opinion, made it necessary. The only note of apprehension was from Mr. Mann of Illinois, who called attention to the law which exempts from prosecution persons who may testify in the inquiry. In this manner, he said, the guilty officials, if any such were found, might be able to escape punishment.

TILLMAN HONORED.

Republican Senators Vote For Him to Present Hepburn Bill.

Washington, Feb. 24.—By a vote of 8 to 5 the senate committee on interstate commerce agreed to report the Hepburn railroad rate bill without amendment, but the resolution adopted reserved to the members of the committee freedom of action concerning amendments offered in the senate. By a vote of 5 to 3, Republicans prevailing, Senator Tillman, a Democrat, was given the honor of reporting the bill. This established a precedent in that a Republican senate committee has given to a Democrat control of an important measure passed by a Republican president.

Ordered Closed.

Mangum, Okla., Feb. 24.—A telegram was received here addressed to the receiver and registrar, signed by the commissioner of the general land office at Washington, indicating that the land office at this place will be discontinued May 1. Business will be divided between Lawton and El Reno.
